

# Development and Performance Pulse Audit

**Move beyond compliance reporting to evaluate and monitor the quality of performance management at your organization.**

## Focus of Pulse Audit

## Sample Goal Setting Survey Report

## Key Features

- Survey of employees assesses the organization’s effectiveness at each major stage of the performance and development process
- Pulse survey operates as a means of capturing failure points and providing opportunity to act against them
- Report on the performance of your organization by business unit, location, or function at each stage of the performance and development process
- Links to CLC Learning and Development resources help you improve effectiveness at each stage

## › Limited Opportunity to Join Pilot Group

Limited spots are available for participating in the Q1 2011 Pilot Group. Please contact Afshan Norris at [syeda@executiveboard.com](mailto:syeda@executiveboard.com) to secure your spot today or discuss using the Development and Performance Pulse Audit as part of your CLC L&D membership in 2011.
